2007 SUMMER INTERNSHIP OPPORTUNITIES

Morgan Stanley Taiwan provides a full range of services, including investment banking (capital raising and M&A advisory), institutional equity and research, facilitating equity transactions for both local and foreign institutional clients through its membership of the Taiwan Stock Exchange and the GreTai Securities Market.

Due to our continuing expansion in the Taiwan market, we are offering summer internship programs in the following five divisions:

Consolidated Equity

Consolidated Equity most commonly trades Equity securities (stocks). The two main product areas within Equities are Core Equity and Equity Derivatives.

Equity Research

Equity Research analysts model and forecast the factors influencing financial instruments. They provide sophisticated quantitative and qualitative analysis to both internal and external clients.

Firm Management

Firm Management promotes cross selling across divisions, assists with business development and planning strategic initiatives, and helps to promote and maintain healthy regulator and governmental relations.

Investment Banking

Investment Banking advises corporations and governments on various financing and strategic issues. It gets involved in a variety of projects including mergers & acquisitions, flotations, privatization, raising finance and issuing shares.

Private Wealth Management

This is a specialized area of asset management (fund management) and has been dedicated to serving high-net-worth individuals, families, and their intermediaries. The position will be based in Hong Kong.
