

Writing MASM with VC++ 200 Express

Download

- Download **Visual Studio 2005 Express** from <http://msdn.microsoft.com/zh-tw/express/aa975050.aspx>

I choose Traditional Chinese version.

- Run the downloaded vcsetup.exe to install Visual Studio 2005 Express

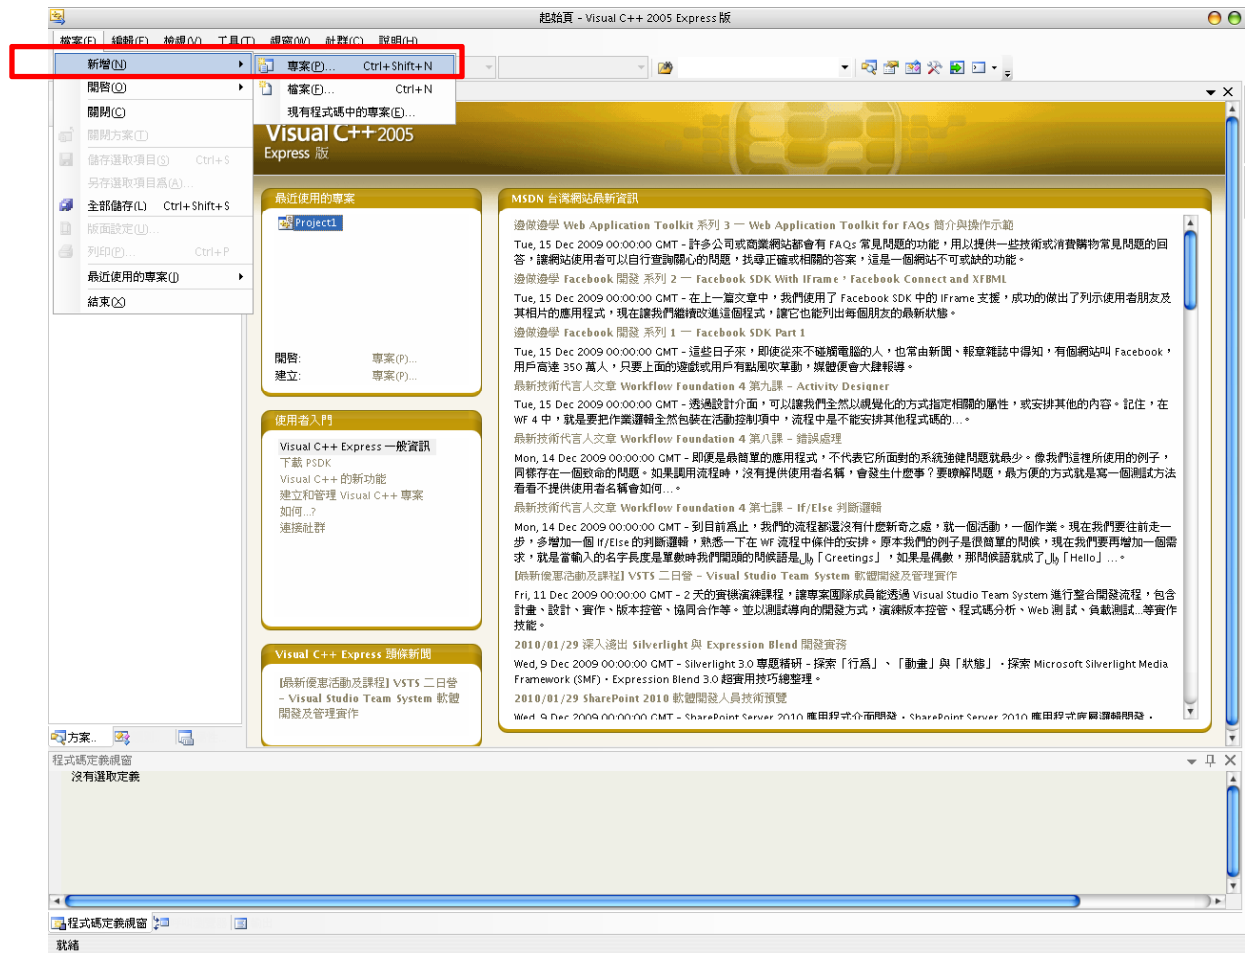

- Download MASM from

<http://www.microsoft.com/downloads/details.aspx?FamilyId=7A1C9DA0-0510-44A2-B042-7EF370530C64&displaylang=en>

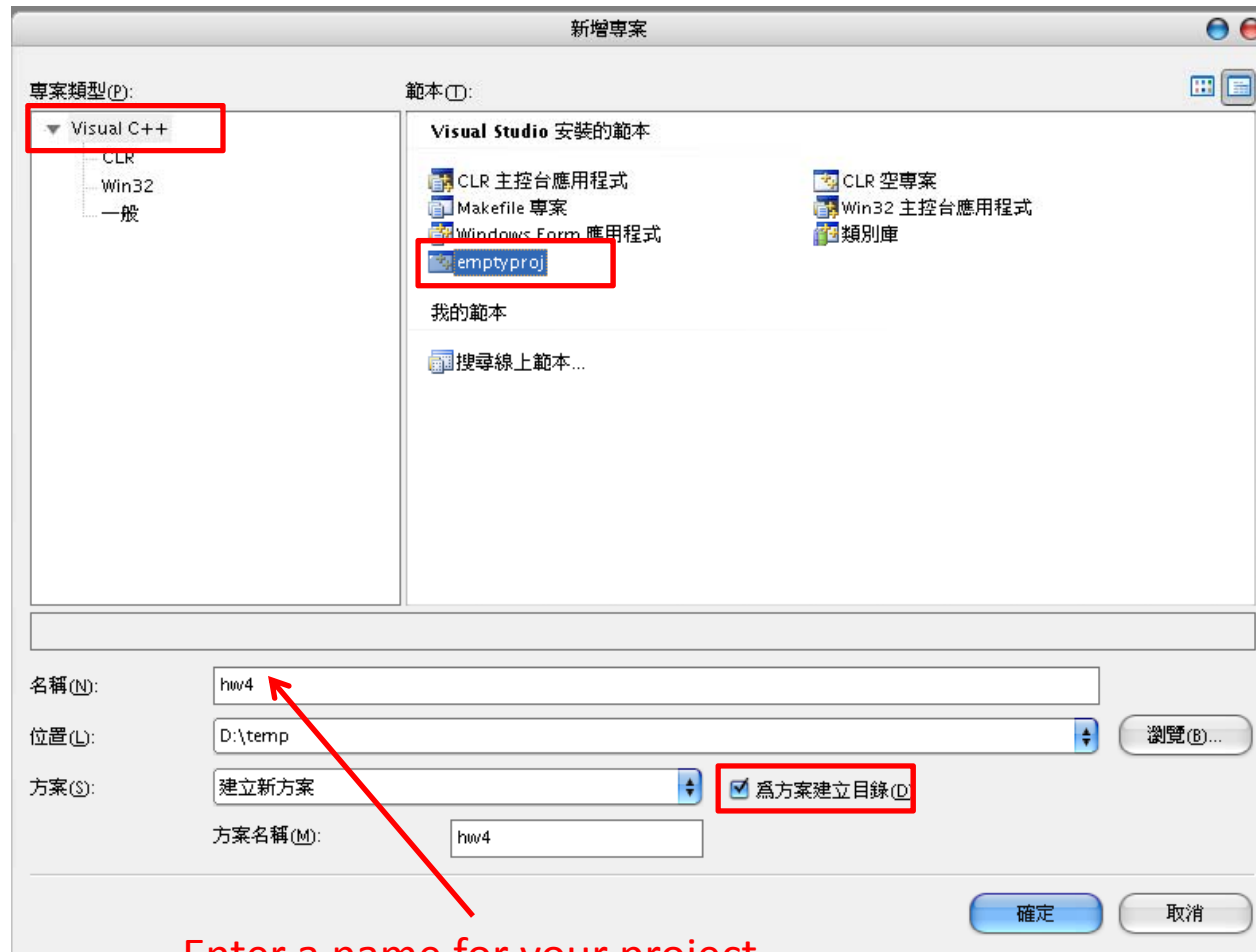

Be sure to choose the same language.

- Run the downloaded MASMsetup.exe to install MASM

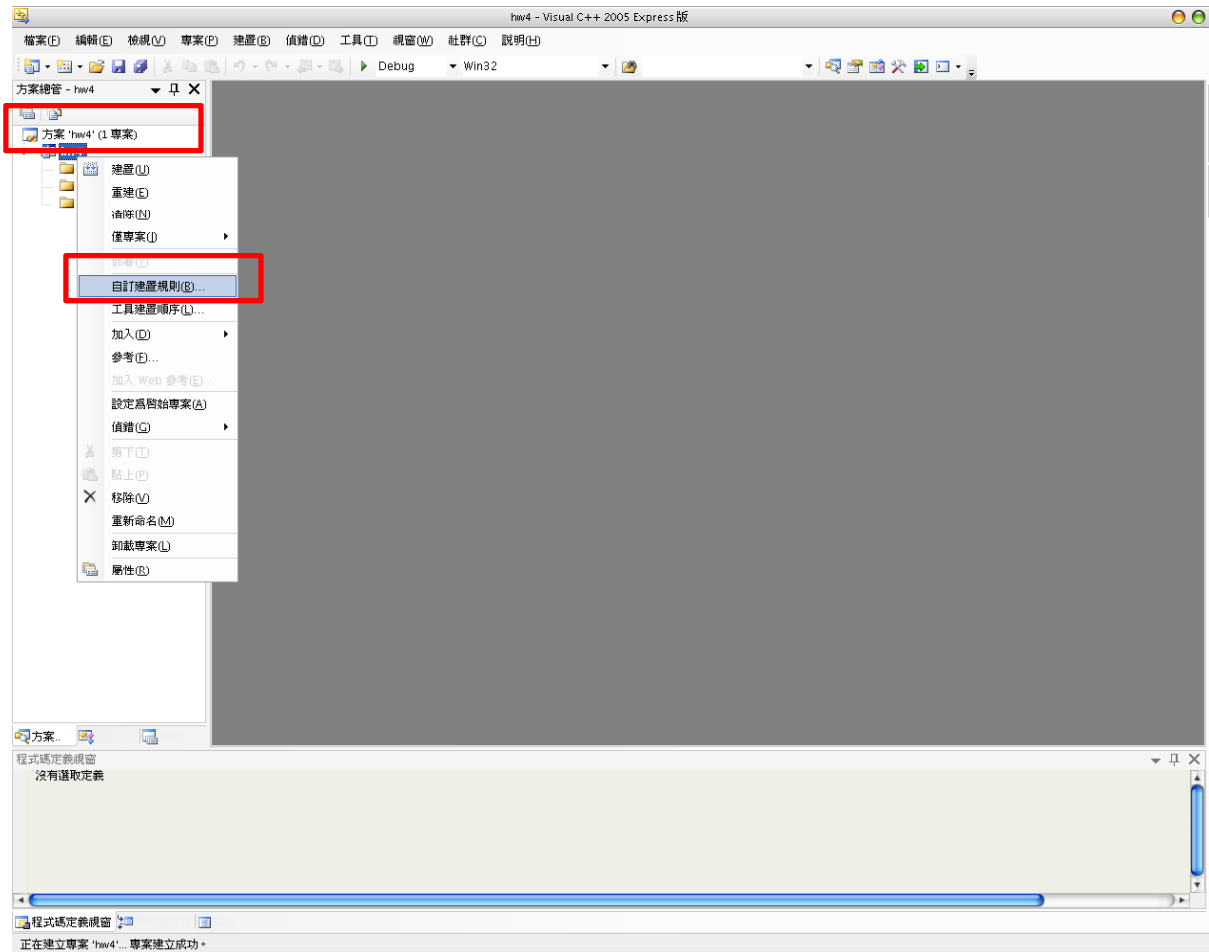

Create a new project

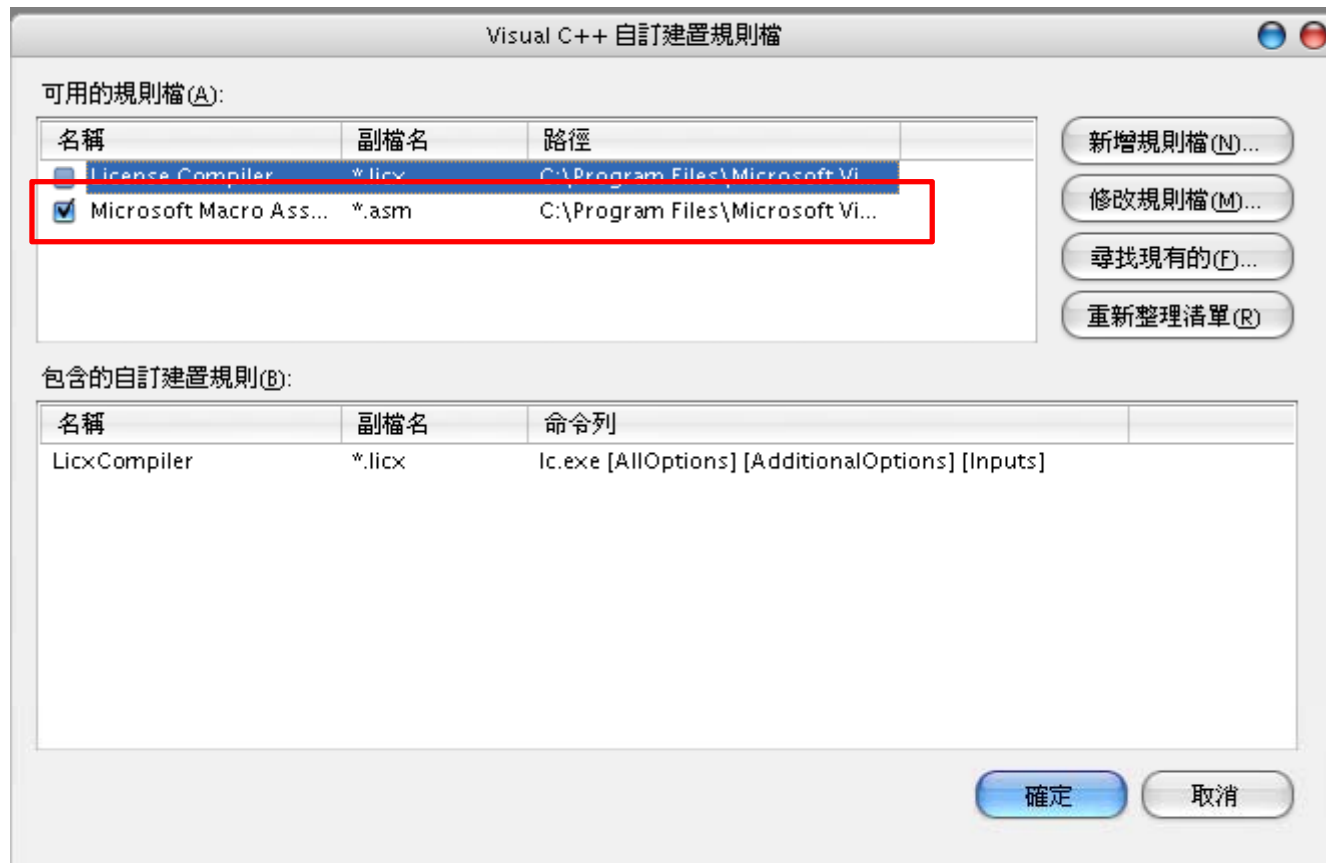

Create a new project

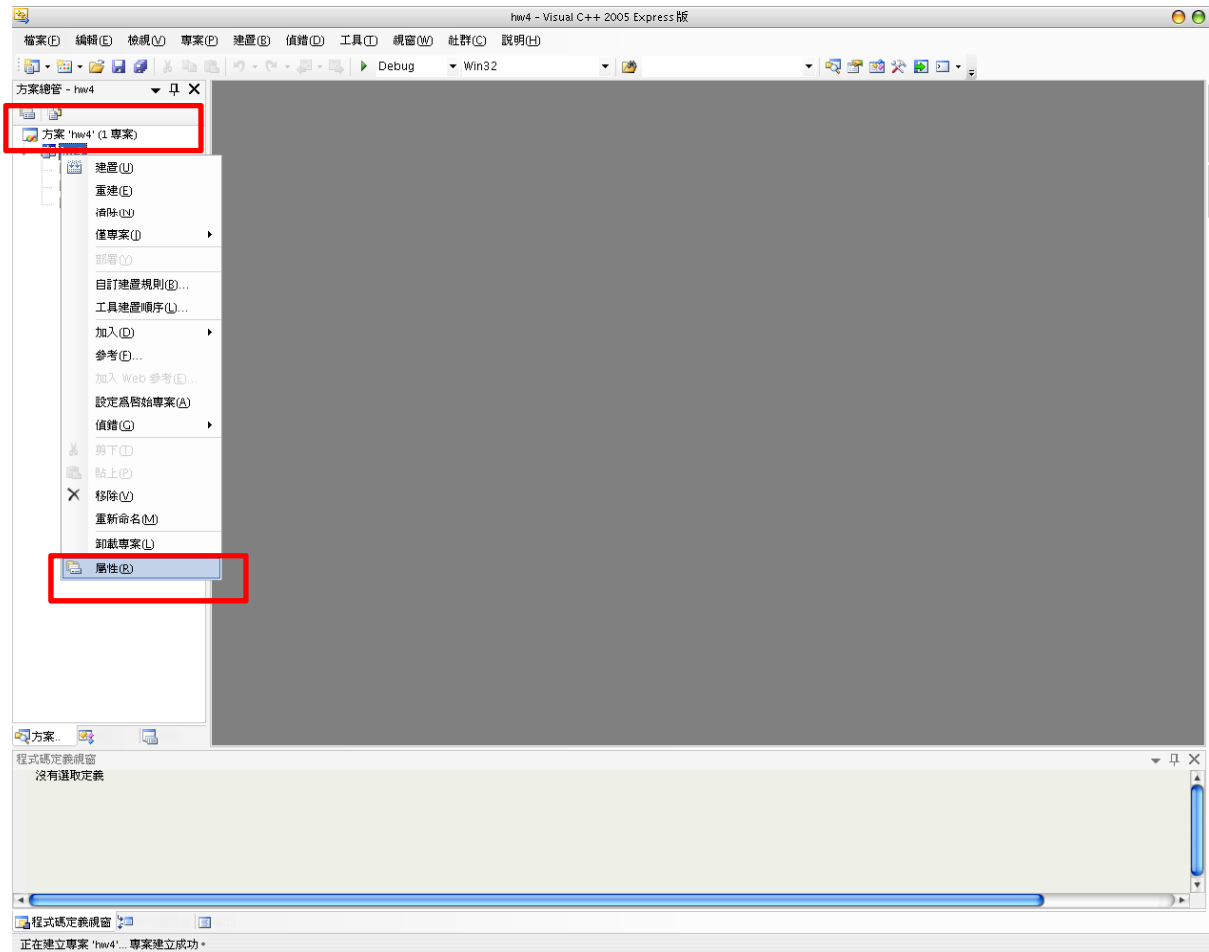

Customize build rules

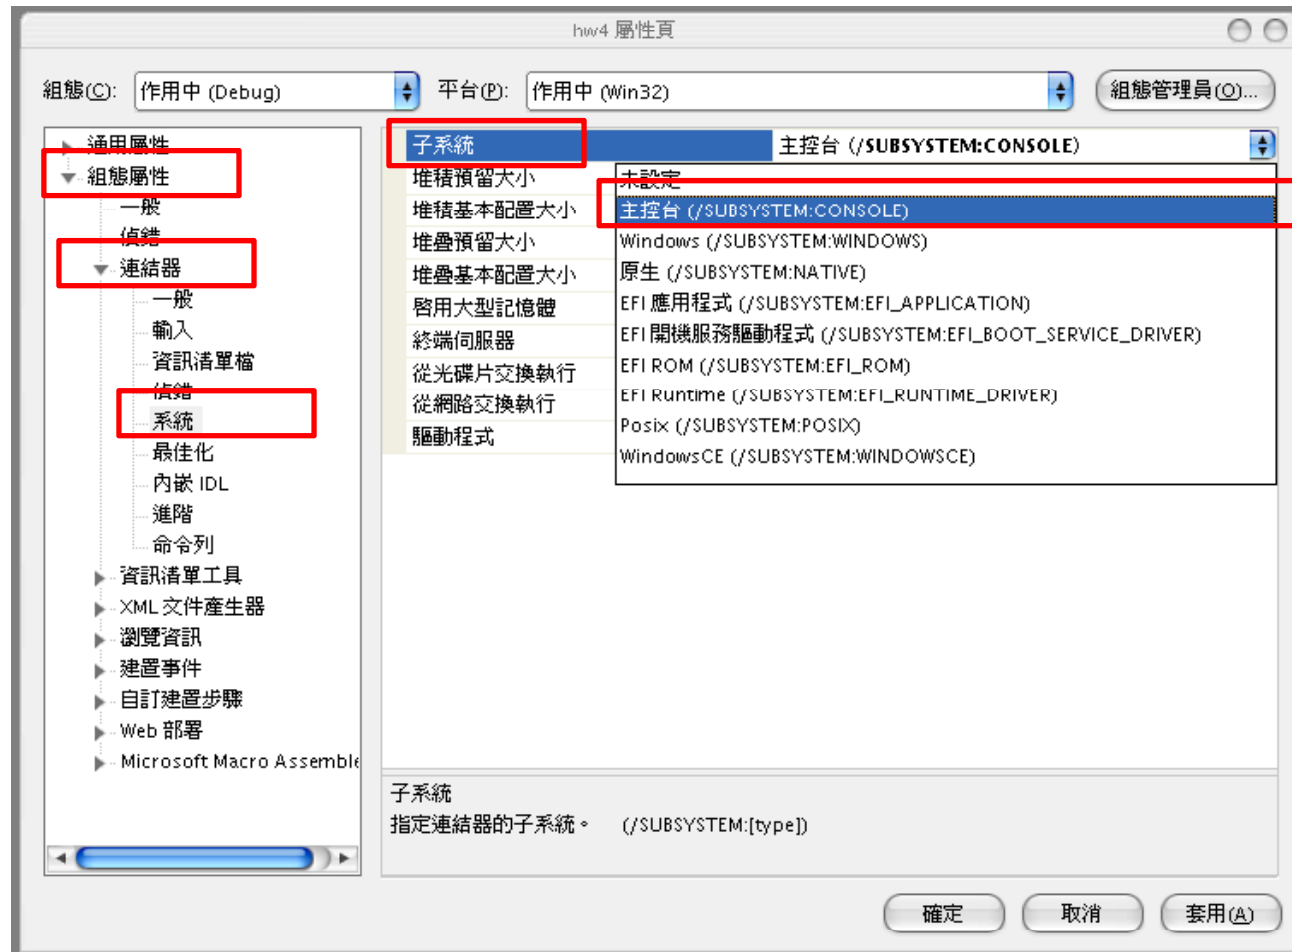

Customize build rules

Select console as subsystem

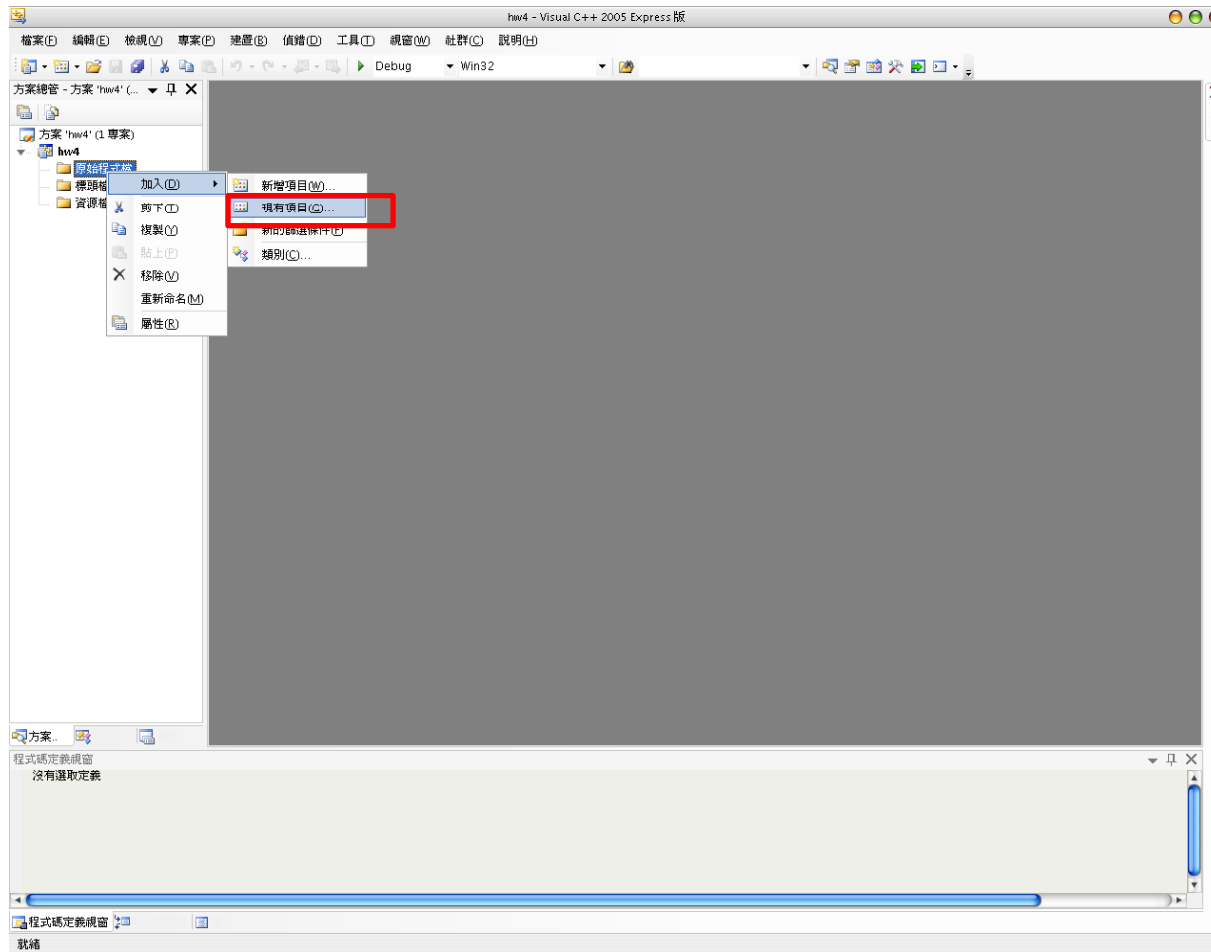

Select console as subsystem

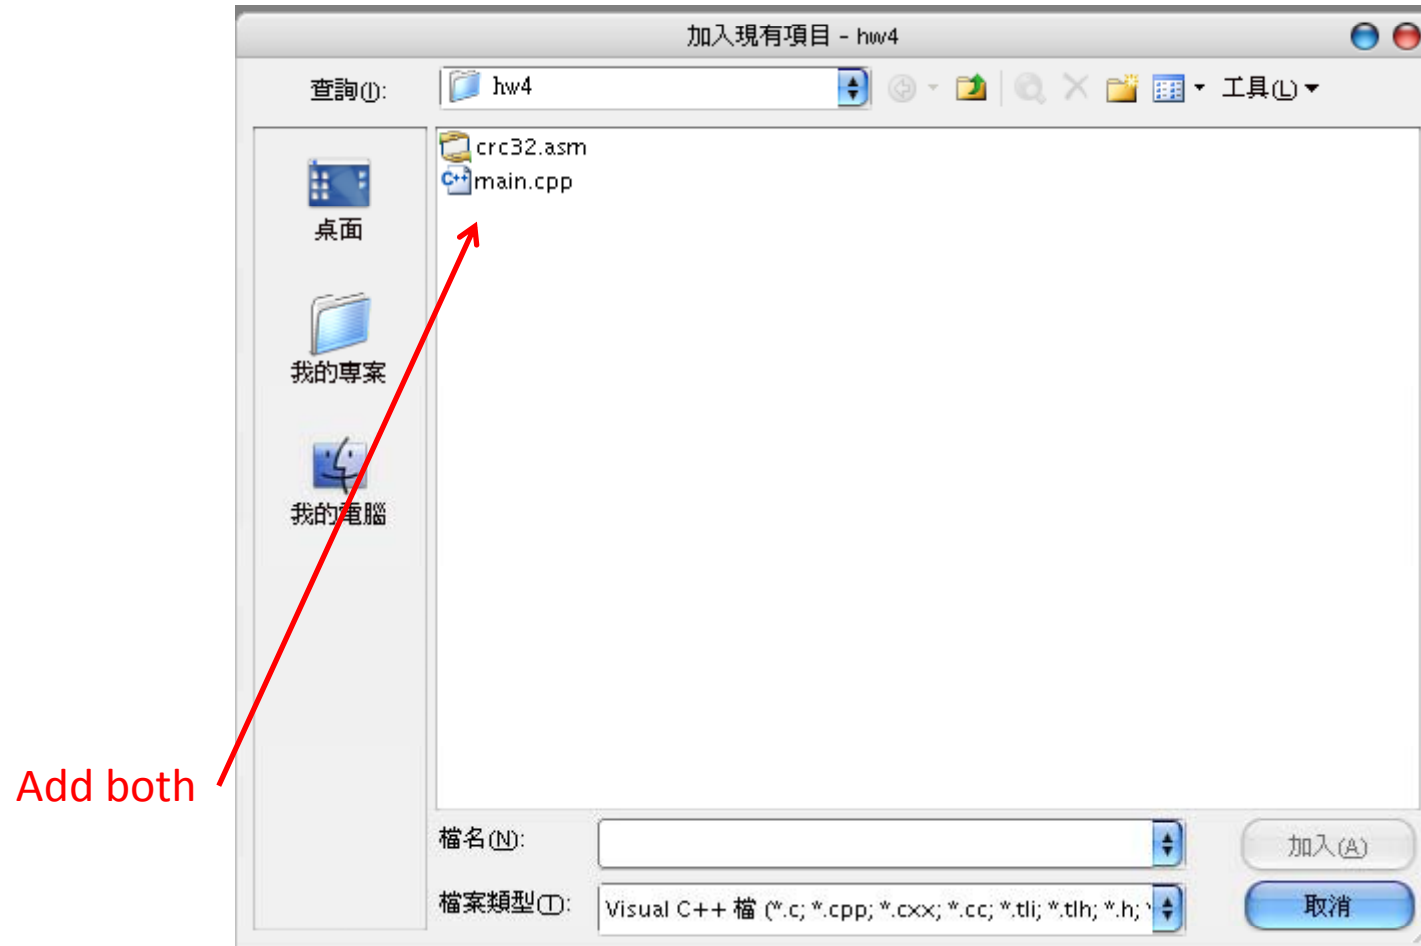

Copy files

- Copy main.cpp and crc32.asm to the directory you just created

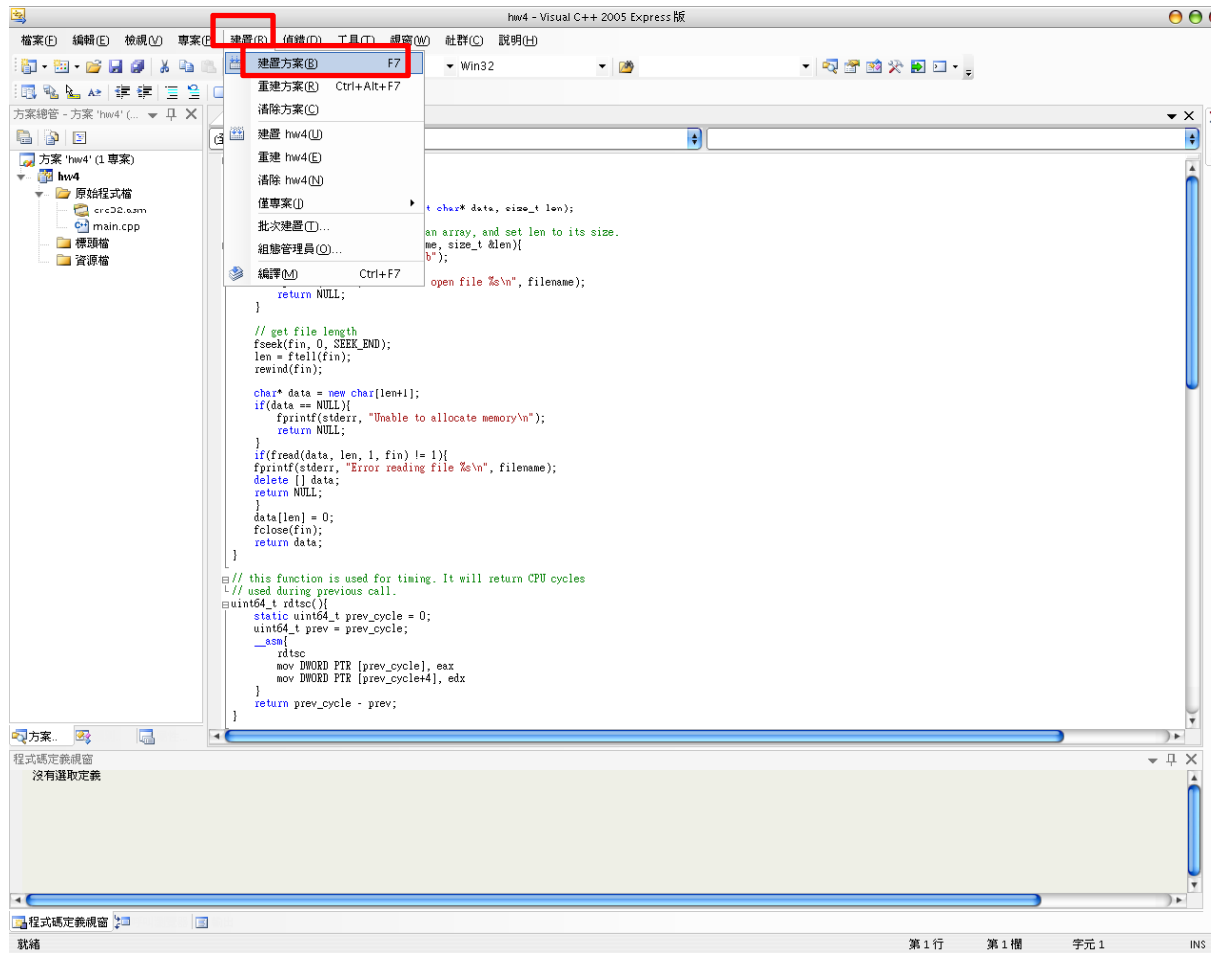

Add files

Add files

Build

Run/Debug

- You can now run or debug your program

Set up working directory and input
