Department of CSIE, NTU

OOP Class, May 16-17, 2010

The OOP Class

- no longer required in B99
- still required in B98, B97, B96, B95
- not sure of what will happen in the next school year

want everyone to pass!

The OOP Homework

- until HW4: good to practice writing code for specific chapters
- after HW4: not easy to design

no more homework after HW4!

- midterm: not too good
- final: not easy to design

let's not have final!

- no HW, no final exam, what do we do to get more score?

do a final project!

Some Basic Setup (More to Come Next Week)

- one theme: a cool **monopoly** game
- three members: team programming
—< 3 also okay, but need to do the workload of 3
- deadline: TBA (around 6/28)
- evaluation: demo to 6 TAs
- importance: 40% of your raw score (40%: homework; 20%: midterm)

start forming teams now!
